The Democratic Party has once again revealed its true colors, embracing radical, anti-Christian extremism as Senator Bernie Sanders invited a transgender punk rocker to perform a vile, blasphemous song at his rally in Kenosha, Wisconsin, on Friday night.

Sanders, the self-described “democratic socialist” and former presidential candidate, was in Kenosha as part of his nationwide Fighting Oligarchy tour.

Sanders invited Laura Jane Grace, a transgender punk rocker and frontperson of the band *Against Me!*, to perform at his rally. He was born Thomas James Gabel.

But instead of an uplifting or unifying message, the crowd of roughly 3,500 Sanders supporters cheered on a performance featuring explicit, sacrilegious lyrics attacking God and Christianity in the most grotesque way imaginable.

The song titled Your God (God’s D**k), which is so obscene that can barely be printed, openly mocks God and Christian believers, reducing faith to a crude sexual joke.

The song repeatedly asks, “**Does your God have a big fat d**k?**” before descending into even more graphic and offensive descriptions.

Yet rather than being met with outrage, Sanders’ supporters laughed and clapped along—proving once again that the radical left has abandoned even the pretense of respecting religion. This is who the Democratic Party is now.

Below is the blasphemous lyric:

[Intro]

Does your god have a big fat d**k?
Cause it feels like he’s f**king me
Are his balls filled with lightning?
Do they dangle like heaven’s keys?
Does your god have a big fat d**k?
Cause it feels like he’s f**king me

[Chorus]

Does your god have a big fat d**k?
Cause it feels like he’s f**king me
Are his balls filled with lightning?
Do they dangle like heaven’s keys?
Does your god have a big fat d**k?
Cause it feels like he’s f**king me

[Verse 1]

Does his D go deep
So deep it puts an ass to sleep?
Who’s the 6 to his 9
And what are his other kinks?
If he grows all the trees
Does he taste every peach?
Is your god f**king you and f**king me?
I know creation must get lonely
After all he’s one and only
And his son was so well hung
I think the big man deserves one

[Chorus]

Does your god have a big fat d**k?
Cause it feels like he’s f**king me
Are his balls filled with lightning?

Do they dangle like heaven's keys?
Does your god have a big fat d**k?
Cause it feels like he's f**king me

[Verse 2]

When he whips out his meat
Does your world fall to its knees?
Does he shoot wads of honey
And cum twice on Easter Sunday?
What's his favourite position?
Missionary? Magic bullet?
We all give him no lover
Just a hand and a mother
Can he cum a shotgun blast
And shoot salvation up your a*s?
Does he chew cunt like bubblegum
And give blowjobs like a vacuum?

[Chorus]

Does your god have a big fat d**k?
Cause it feels like he's f**king me
Are his balls filled with lightning?
Do they dangle like heavens keys?
Does your god have a big fat d**k?
Cause it feels like he's f**king me
Does your god have a big fat d**k?
CAUSE HE'S FUCKING YOU AND ME!
